Public School Code of 1949  
Goods and Services Expenditures  
Volume III

---

Compiled by:  
Office of Budget & Finance  
308 Old Main  
University Park, PA 16802  
December 2023

# **Goods and Services Expenditures**

## **Goods and Services Expenditures**

The university shall provide the following additional information for the prior fiscal year for each academic or administrative support unit, for each defined project or program and for any auxiliary enterprise:

“(B6) A list of purchase of service contracts which exceed \$1,000 by category of service, including, but not limited to, legal, instructional, management, accounting, architecture, public relations and maintenance. The list shall contain the name and address of the contractor, a statement of the nature of the duties of the contractor and the academic and administrative support unit for which the duties are performed. If a purchase of service contract exceeds 10% of the total aggregate expenditure of the contract category per academic or administrative support unit, then the contracted amount shall also be listed”

“(B7) A list of purchase of goods contracts which exceed \$1,000. The list shall contain the name and address of the contractor and a list of the goods purchased and the academic or administrative support unit for which such goods were contracted. If a purchase of goods exceeds 10% of the total aggregate expenditures per academic or administrative support unit, then the contracted amount shall also be listed.”

By agreement with the Joint State Government Commission on June 12, 1995, the University is providing a single integrated list of goods and services contracts. The University’s object codes are used to display the expenditures by “service category.” All contracts exceeding \$1,000 for each vendor for each academic or administrative support unit are reported, including the actual contract amount and the object code.

# University Park Colleges

- Agricultural Sciences
- Arts & Architecture
- Business - Smeal College
